

1. Identification of the substance/ preparation and of the company/ undertaking

Identification of the substance or preparation

Trade name: Airtech 1069

Use of the substance/ preparation

General use Article: Foil (Vacuum bag sealant tape)

Company/undertaking identification

Company name: AIRTECH EUROPE SARL

Street/POB-No.: Z.I. Haneboesch

Postal Code, city: 4562 Differdange

Luxemburg

WWW: www.airtech.lu

E-mail: sales@airtech.lu

Telephone: +352-582282-1

Telefax: +352-584935

Dept. responsible for information:

Telephone: +352-582282-1, E-mail: sales@airtech.lu

Emergency telephone

Airtech, Telephone: +352-582282-1

2. Hazards identification

Classification

Classification according to Directive 67/548/EEC or 1999/45/EC

This preparation is classified as not hazardous.

Information pertaining to special dangers for human and environment

Processing, e.g. by cutting, sawing or grinding, can produce particles and dust. For risks which have to be observed thereby, see chapter 7: Handling, chapter 8: Exposure controls / personal protection and chapter 11: Toxicology.

3. Composition/ Information on ingredients

Chemical characterization (preparation):

Article: fluoro rubber, uncured

4. First-aid measures

In case of skin contact: Remove residues with water.

After eye contact: With eyelids open, wash out eyes for several minutes under flowing water. In case of troubles or persistent symptoms, consult an ophthalmologist.

After swallowing: Swallowing is not regarded as a possible way of exposition.

Most important symptoms and effects, both acute and delayed

No data available

5. Firefighting measures

Suitable extinguishing media:

Water fog, foam, extinguishing powder, carbon dioxide.

Special exposure hazards arising from the preparation itself, combustion products, resulting gases:

In case of fire may be liberated: Hydrogen fluoride, carbon monoxide and carbon dioxide.

Special protective equipment for firefighters:

Wear self-contained breathing apparatus. Wear suitable protective clothing.

Additional information: Hazchem-Code: -

Fire residuals and contaminated extinguishing water must be disposed of in accordance with the regulations of the local authorities.

6. Accidental release measures

Personal precautions: Dust particles: Avoid contact with eyes.

Methods for cleaning up: Take up mechanically, placing in appropriate containers for disposal.

7. Handling and storage

Handling

Advices on safe handling: Provide adequate ventilation, and local exhaust as needed.
Protect from punctures by sharp objects.
For mechanical processing: Wear protective equipment.

Storage

Requirements for storerooms and containers:

Store in a dry place. Keep away from heat. Avoid open flames.
Shelf life: 6 months under 4°C, 30 days at 22°C.

Storage class: 11 Combustible solids

8. Exposure controls / Personal protection

Exposure controls

Provide good ventilation and/or an exhaust system in the work area.
See also information in chapter 7, section storage.

Occupational exposure controls

Respiratory protection: Not necessary, if the room is well-ventilated.
For mechanical processing: Dust mask

Hand protection: Recommendation: Protective gloves according to EN 374.
Glove material: Nitrile rubber-Breakthrough time: >480 min.
Observe glove manufacturer's instructions concerning penetrability and breakthrough time.
For mechanical processing: Protective gloves according to EN 388.

Eye protection: For mechanical processing: Tightly sealed safety glasses according to EN 166.

General protection and hygiene measures:

When using do not eat, drink or smoke.
Wash hands before breaks and after work.

9. Physical and chemical properties

Appearance

Physical state: solid
Colour: black
Odour: weak

Important health, safety and environmental information

Density: 1,81 g/cm³

Water solubility: insoluble

10. Stability and reactivity

Chemical stability Product is stable under normal storage conditions.

Conditions to avoid Avoid open flames.

Hazardous decomposition products
In case of fire may be liberated: Hydrogen fluoride, carbon monoxide and carbon dioxide.

11. Toxicological information

Toxicological Tests:

General remarks

Dust particles: Causes slight irritation by contact to the eyes.

12. Ecological information

Ecotoxicity

Water Hazard Class: 1 = slightly hazardous to water

Bioaccumulative potential

No data available

Results of PBT assessment

No data available

Additional ecological information

General information: Do not allow to enter into ground-water, surface water or drains.

13. Disposal considerations

Product

Waste key number 07 02 13 = Plastics wastage, not cured

Recommendation: Incinerate as hazardous waste according to applicable local, state, and federal regulations.

14. Transport information

Sea transport (IMDG)

Proper shipping name: Not restricted

Marine Pollutant No

Air transport (IATA)

Proper shipping name: Not restricted

Further information

No dangerous good in sense of these transport regulations.

15. Regulatory information

Labelling (67/548/EEC or 1999/45/EC)

R phrase(s): not applicable

S phrase(s): not applicable

National regulations**National regulations - Great Britain**

Hazchem-Code: -

National regulations - Germany

Storage class: 11Combustible solids

Water Hazard Class: 1 = slightly hazardous to water

National regulations - EC member statesVolatile organic compounds (VOC):
< 1%**National regulations - USA**

Hazard rating systems

NFPA Hazard Rating:

Health: 0 (Minimal)

Fire: 1 (Slight)

Reactivity: 0 (Minimal)

HMIS Version III Rating:

Health: 0 (Minimal)

Flammability: 1 (Slight)

Physical Hazard: 0 (Minimal)

Personal Protection: X = Consult your supervisor

HEALTH	0

No data available

16. Other information**Further remarks**

Reason of change: Changes in section 2 + 15: GHS

Group that issues data sheet

Contact person: see chapter 1, department responsible for information.

This data sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, and which additional precautions may be necessary. All health and safety information contained in this data sheet should be provided to your employees and customers. It is your responsibility to develop appropriate workplace instructions and training programmes for employees.

As the conditions and methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this product. The information supplied on this safety data sheet complies with our current level of knowledge as well as with national and EU regulations. All statements or suggestions are made without warranty, expressed or implied, regarding accuracy of information, the hazards connected with the use of the product or the results to be obtained from the use thereof.
