

OF625V & OF750V

1 - IDENTIFICATION OF THE PREPARATION AND THE COMPANY/BUSINESS

Identification of the substance or preparation

Name of product: **OF6225V & OF750V**

Use of the substance / preparation

Article: PVC omega profile used as a resin flow line in a resin infusion process

Company / undertaking identification

Company name: AIRTECH EUROPE Sarl

Street/POB No.: Z.I. Haneboesch

State/city/postal code: L-4562 DIFFERDANGE

Telephone: +352-582282-1

Telefax: +352-584935

Dept./responsible for information:

E-mail: sales@airtech.lu

Emergency telephone

+352-582282-1 (8.00am – 5.00pm CET)

2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW: Under normal conditions of use, the product is not expected to create any health or safety hazards. Dust or fumes from overheating may be irritating to the mucous membranes of the respiratory tract, to the skin and eyes.

3 – COMPOSITION/INFORMATION ON INGREDIENTS

The product is made of Polyvinyl Chloride.

Residual Vinyl Chloride Monomer

Note: Vinyl Chloride (VCM): less than 0.01 part/m³ when the material is heated at 180°C.

4 - FIRST AID MEASURES

Skin contact: Wash skin with water and soap. If molten material contacts skin, cool rapidly with cold water. Do not attempt to peel the product from skin. Obtain medical attention for thermal burns.

Inhalation: Not a probable route of exposure. In case of accidental inhalation of fumes from overheating or combustion, move to fresh air. Consult a physician after significant exposure.

Eye contact: Not a probable route of exposure.

Ingestion: Not a probable route of exposure.

5 - FIRE-FIGHTING MEASURES

Suitable extinguishing media: Water, carbon dioxide, foam, dry chemical.

Unusual fire and explosion hazards: Decomposition by burning (generating HCL gas).

Special protective equipment/instructions: Normal firefighting procedures should be followed to avoid inhalation of smoke and gases. Firefighters should wear full protective clothing including self contained breathing apparatus.

6 - MEASURES TO BE TAKEN IN THE EVENT OF ACCIDENTAL SPILLAGE

Environmental precautions: Do not allow to enter ground water, sewage or drains.

Methods for clean-up: Collect and store into containers for disposal.

7 - HANDLING AND STORAGE

Handling: Good industrial practice in housekeeping should be followed. Wash hands after handling and before eating.

OF625V & OF750V

Storage: Store in a cool dry place.

8 - EXPOSURE CONTROLS/ PERSONAL PROTECTION

Exposure limit values: None known.

Exposure controls: Provide adequate room ventilation.

Occupational exposure controls:

Respiratory protection: None under normal usage.

Hand protection: Protective gloves according to EN 407 are required when handling hot material.

Eye protection: Safety glasses are recommended.

Hygiene measures: Wash hands before handling food and at the end of work.

9 - PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Transparent PVC profile

Odor: Slight odor

Boiling point: N/A

Melting point: N/A

Solubility in water: Negligible

Specific gravity or relative density: 1.0 – 1.3

Auto-ignition temperature (°C): > 454

10 - STABILITY AND REACTIVITY

Conditions to avoid: Excessive heat for prolonged periods.

Materials to avoid: Acetal derivatives and amine containing materials.

Hazardous decomposition products: In case of thermal decomposition, during overheating or combustion, toxic gases or fumes may be evolved: carbon monoxide, carbon dioxide and other toxic combustion by-products.

Additional information: The product is stable at the handling and storage conditions recommended per § 7 of the safety data sheet and under normal processing conditions.

11 - TOXICOLOGICAL INFORMATION

According to the best of our knowledge and to our experience, the product is not harmful to health provided that it is correctly handled and used according to the given recommendations.

12 - ECOLOGICAL INFORMATION

Ecotoxicity: Water hazard class: 1 = mild water pollutant

Persistence and degradability: Product is not biodegradable. The insoluble part can be disposed of mechanically in suitable waste water cleaning plants.

Additional ecological information: Do not allow to enter ground water, sewage or drains.

13 - DISPOSAL CONSIDERATIONS

Disposal recommendations: Like most thermoplastics, the product can be recycled. Where possible, recycling is preferred to landfill or incineration. Disposal of the product and the packaging must be done in compliance with local, state and federal regulations.

14 - TRANSPORT INFORMATION

Not classified as hazardous under transport regulations (ADR for road, RID for rail, IMDG for sea and ICAO/IATA for air transport).

OF625V & OF750V

15 - REGULATORY INFORMATION

This product was classified in compliance with the directives 88/379/EC and 67/548/EC and their adaptations. Not subject to labeling according to EC directives.

16 - OTHER INFORMATION

This bulletin cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers. It is your responsibility to use this information to develop appropriate work practice guidelines and employee instructional programs for your operation.

As the conditions or methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this material. The information supplied on this safety data sheet is based on our current level of knowledge and on national and community regulations but all statements or suggestions are made without warranty, express or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.
